# DO YOU OR YOUR FRIENDS / FAMILY MEMBERS SUFFER WITH HEARING LOSS?

## Hearing loss leads to:

- Isolation / Loneliness.
- Increased risk of Depression.
- Increased risk of developing Dementia.

**Why suffer?** Contact us today to arrange your NHS appointment. NHS hearing aids are entirely NHS-funded. Hearing Aid technology will revolutionise your life!

## NOW WITH BLUETOOTH TECHNOLOGY

- Latest NHS hearing aids now contain Bluetooth technology.
- Stream calls, music and videos from your phone. Use remote control Phone Apps to control your hearing aids from your phone. Stream sounds clearly from TV, laptops and other devices.
- Available to new users and for patients who have had their existing NHS pair for 3 years or more.

**BOOK A HEARING TEST TODAY**
